Jeep® Wrangler Petrol CO₂ emission (weighted, combined) (g/km): 269 - 250. Fuel consumption (weighted, combined) (mpg): 24 - 25. Pre-homologation values calculated on the basis of WLTP procedure (Regulation (EU) 2018/1832).

Fuel consumption and CO₂ figures are provided for comparative purposes only and may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedure.
